

Wisconsin Presbytery Church Plant

Presbyterian Church in America

Sheboygan, Wisconsin is the county seat of Sheboygan County. The city is located on the western shore of Lake Michigan at the mouth of the Sheboygan River.

Settled mostly by Germans, in the early 20th century many Catholic Slavs and Lithuanians immigrated to Sheboygan. In the late 20th century, Hmong refugees from Laos and Southeast Asia settled there.

The city's website proclaims, "From breathtaking views of Lake Michigan and large sandy beaches to world class sailing and premier

charter fishing, our coastal community has a lot to offer. Sheboygan enjoys 34 beautiful parks and 3 athletic complexes, totaling over 600 acres, offering residents and visitors a variety of outdoor recreation options. There's something for everyone in Sheboygan."

Unfortunately, based on Sheboygan County statistics, this is an area where only 36% of the people identify as Protestant and the need for a PCA church plant is

great as there is little to no reformed presence in the city.

The majority of churches in the Wisconsin Presbytery are invested in their church planting network, "On Wisconsin." The goal of "On Wisconsin" is to plant 16 more churches in Wisconsin in 10 years.

Since 2012, 5 churches have taken root, 5 new works have started and 2 RUF chapters have begun. By the grace of God, a church in Sheboygan will soon be added to those numbers.
